A Paaaaaaarrrrrtayyy For The Piggy People :o)

When the Virginia Pork Festival opened its gates for the first time back in 1974, no one expected this event to enjoy the tremendous success that it celebrates today. Originally established to promote the pork industry, the Virginia Pork Festival has grown to become one of the East Coast's largest food festivals. Last year's event attracted over 15,000 people representing 32 different states. Let's just say that Virginia Pork Festival attendees take "Gettin' Piggy With It" seriously.
